SCIL's Aims are:

- To provide a means by which disabled people may take control over their lives, achieve full participation in all spheres of society, and make changes to how they are viewed and treated.
- To provide encouragement, assistance, advice, support and facilitation to individuals or groups wishing to live independently.
- To raise the expectations of disabled persons, individually and collectively, and ensure that their voices are heard.

Everybody has the right to lead an independent life. Our aim is to support people in achieving this.

To be independent does not mean doing everything for yourself. Independence means having control over your life and having a say over what happens to you.
