

Do you have a
neurological condition?

Do you want to be
involved in planning new
neurological services
where you are?

Would you like to tell us
what you think about
current services?

We're having a joint event on **Tuesday 11 October** at **Wells Place Eastleigh**, bringing together the skills and expertise of Southern Health NHS Foundation Trust, the Neurological Alliance, the Multiple Sclerosis Society, the Motor Neurone Disease Society, Parkinson's Society, and the University of Southampton.

It runs from **2.00pm until 5.00pm** and we'd like you to get involved and make your voice heard.

If you want to take part or tell us what you think of services then call **Paula Hull** on **07789616992**, or email her at **paula.hull@southernhealth.nhs.uk**

We look forward to seeing you.
